

## Midnight Snacks

Kelis

Midnight snacks, midnight snacks, midnight snacks  
Midnight snacks, midnight snacks, midnight snacks  
Midnight snacks

Baby  
You're laying next to me, and maybe  
If you talk nice to me, so sleepy  
Baby, in the middle of the night  
I'm laying on my side  
And you can come behind me, and hold me tight  
Surprise me, not gonna fight  
I like it, my lips, you bite  
You grab my hips, I gotta get it

Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks  
Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks

Face me  
Kisses on my neck, and play my  
Song by the internet, 'cause lately  
You like how I get  
Get you out my head  
We having fun together  
I've got, long legs  
And I like, this pace  
I'll try not, to make noise  
I'm your toy

So get it, I want midnight snacks  
Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks  
Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks

Guilty pleasures, I just can't deny  
I'm greedy and I don't care  
Guilty pleasures, I just can't deny  
'Cause I know what I want, yeah

Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks  
Midnight snacks, midnight snacks, midnight snacks  
So get it, I want midnight snacks
