

Protect My Heart

Kelis

I gotta protect my heart
I gotta protect my heart

You were the heart of the spot
But you wouldn't tell me your name
You were like
Girl you ready or not
To dance the entire night away
You and I

Let me hold you girl, hold you girl
You were sayin
Let me touch your girl
You were sayin
Let me squeeze you girl, squeeze you girl
You turned me on
Let me you girl

So when I first got here I knew love barely
I gotta protect my heart
And then you come changing things, I knew that's unfair babe
I gotta protect my heart

The room is Oh so hot
If you want move than move out of the way
I'm givin it all I got
And at the same time tryin to maintain

You were sayin
Let me hold you girl, hold you girl
You were sayin
Let me touch your girl
You were sayin
Let me squeeze you girl, squeeze you girl
You turned me on
Let me you girl

So when I first got here I knew love barely
I gotta protect my heart
Then you come and change things you know that's unfair babe
I gotta protect my heart
Never been touched by the way someone moves and that scares me
I gotta protect my heart
If cupid knew you were comin, he should have prepared me
I gotta protect my heart

I just need ta
I walked away from the door
I could feel myself reverseing
I never gave it before
See i guess that's what happend
when you were like

Let me hold you girl, hold you girl
You were sayin
Let me touch your girl
You were sayin

Let me squeeze you girl, squeeze you girl
You turned me on
Let me you girl

So when I first got here I knew love barely
I gotta protect my heart
Then you come and change things you know that's unfair babe
I gotta protect my heart
Never been touched by the way someone moves and that scares me
I gotta protect my heart
If cupid knew you were comin, he should have prepared me
I gotta protect my heart

Break It Down

So when I first got here I knew love barely
I gotta protect my heart
Then you come and change things you know that's unfair babe
I gotta protect my heart
I gotta protect my heart
I gotta protect my heart
