

# Catch My Breath

Kelly Clarkson

I don't wanna be left behind  
Distance was a friend of mine  
Catching breath in a web of lies  
I've spent most of my life  
Riding waves, playing acrobat  
Shadowboxing the other half  
Learning how to react  
I've spent most of my time

Catching my breath, letting it go  
Turning my cheek for the sake of this show  
Now that you know, this is my life  
I won't be told what's supposed to be right

Catch my breath, no one can hold me back, I ain't got time for that  
Catch my breath, won't let them get me down, it's all so so simple now

Addicted to the love I found  
Heavy heart, now a weightless cloud  
Making time for the ones that count  
I'll spend the rest of my time  
Laughing hard with the windows down  
Leaving footprints all over town  
Keeping faith, Karma comes around  
I will spent the rest of my life

Catching my breath, letting it go  
Turning my cheek for the sake of this show  
Now that you know, this is my life  
I won't be told what's supposed to be right

Catch my breath, no one can hold me back, I ain't got time for that  
Catch my breath, won't let them get me down, it's all so so simple now

You helped me see  
The beauty in everything

Catching my breath, letting it go  
Turning my cheek for the sake of this show  
Now that you know, this is my life  
I won't be told what's supposed to be right

Catching my breath, letting it go  
Turning my cheek for the sake of this show  
Now that you know, this is my life  
I won't be told what's supposed to be right  
Catch my breath

Catch my breath, no one can hold me back, I ain't got time for that  
Catch my breath, won't let them get me down, it's all so so simple now  
It's all so simple now

Catching my breath, letting it go  
Turning my cheek for the sake of this show  
Now that you know, this is my life  
I won't be told what's supposed to be right  
Catch my breath

Catch my breath, no one can hold me back, I ain't got time for that  
Catch my breath, won't let them get me down, it's all so so simple now
