

# Cruel

Kelly Clarkson

Am I suppose to close my eyes and fall asleep when you're not home?  
Cause I wanna believe you, but I wonder if you're all alone  
These nights (these nights)  
They take forever long  
And I can't breathe  
I'm tired (I'm tired), if I could do the things you do to me

You wouldn't like that  
No, no, no, you wouldn't like that  
Runnin' round 1, 2, 3 clock in the mornin'  
Hey, hey, you better believe me, loving you ain't easy  
I'm halfway to losing my mind

Don't be cruel  
It's takin' all of me to love someone like you, you  
Don't be cruel  
It's takin' all of me to love someone like you, ooh

Trying to see a side of things, but you've been playing so unfair (oo  
h)  
Talking like you love me, but then go like you just don't care  
Look out (look out), I come swinging around  
Can't keep me down  
I love you (I love you), but I'm losing myself, in this run around

Am I being jealous?  
Are you being selfish?  
Runnin' round 1, 2, 3 clock in the mornin'  
No, no, no, you  
You better believe me, loving you ain't easy  
I'm halfway to losing my mind

Don't be cruel  
It's takin' all of me to love someone like you, you  
Don't be cruel  
It's takin' all of me to love someone like you

Oh, baby  
Don't be cruel, baby (no, don't be)  
No, no, no, don't be cruel (no, don't be)  
Don't be, don't be, no (no, don't be)  
Don't be, don't be (no, don't be)

Don't be cruel  
It's takin' all of me to love someone like you  
Don't be cruel  
It's takin' all of me to love someone like you  
Don't be  
You're being so cruel
