

# Impossible

Kelly Clarkson

**Am G Dm C (2x)**

**Am** **G**  
Just woke up and thought I'd try  
**Dmi** **C**  
Try to step across the line  
**Am** **G**  
You know that I've been thinking 'bout it  
**Dmi** **C**  
for a while Yeah  
**Am** **G**  
Starting to think it's time I leave  
**Dmi** **C**  
Does me good to know I finally feel  
**Am** **G** **Dmi** **C**  
Feel this pain, it's real, it's possible

You say  
Can't change the winds you say  
Won't matter anyway  
Can't reach that far  
Cause it's impossible  
Can't rise above this place  
Won't change enough, so I pray  
Breaking down the walls to the impossible

Walking by myself I know  
This lonely road's becoming my new home  
but I don't stop  
I just keep moving on, and on  
Ain't no need to dry my eyes  
I haven't cried in quite some time  
Everyday I fight it,  
You know it's possible

**Am** **G** **Dmi** **C**  
Someone tell me Why it's so hard taking chances  
**Am** **G** **Dmi** **C**  
You draw the line and think That I won't ask for more Yeah  
**Am** **G** **Dmi** **C**  
I will stumble and I make my own mistakes Yeah  
**Am** **G** **Dmi**  
but I won't worry about it anymore It's impossible
