# Merry Christmas Baby

**Kelly Clarkson**

You let flowers say, "I love you"
You let diamonds hold my hand
So this Christmas, I'm making new plans
(Merry Christmas baby)

You send gifts that someone else picks
You send cards with empty promises
But you don't need to worry 'bout me again
(Merry Christmas baby)

You'll wake up all alone and
Wonder why I'm not home
And I'll let my phone ring
A dose of your kind of love and
I'll let my absence show you
What I got you for Christmas
Is losing me
Merry Christmas, baby

You can have just what you gave me
You can keep the charming lines
And you can keep your wandering hands
And eyes
(Merry Christmas baby)

You'll wake up all alone and
Wonder why I'm not home
And I'll let my phone ring (I'll let it ring)
A dose of your kind of love and
I'll let my absence show you
What I got you for Christmas
Is losing me
Merry Christmas, baby

So have yourself a merry Christmas
Hope it's not as cols as you (Cold as you)
Merry Christmas, baby (Merry Christmas)
Merry Christmas, baby (Merry Christmas)
Merry Christmas, baby
To you
