

Mystic Knights

The Kelly Family

Mystic knights have come to save our lives
Mystic knights are here now

Long ago in ancient times
There was a scroll of magic rhymes
It prophesied the mystic knights
The true young heroes brave and bright
Then the dark forces came
And brought the people endless pain
Now the children have no fear
'Cause they know the mystic knights are here

Mystic knights have come to save our lives
Mystic knights have come to save our times
Mystic knights have come to save our lives
Mystic knights are here now

Long ago in ancient times
In the land of Tir Na Nog
The little people sang their rhymes
While drawing wisdom from their gold mines
Now there's happiness in "Kells"
'Cause the little people gave their spells
The children now no longer fear
'Cause the days of mystic knights are here

Mystic knights have come to save our lives
Mystic knights have come to save our times
Mystic knights have come to save our lives
Mystic knights are here now
Mystic knights are here now
Mystic knights
