

What If Love

The Kelly Family

It's easy, when you're sorry
And you're lonely
I know this girl that spied on her boyfriend
In case he might miss and fall, he just might miss and fall
She said it's not that I don't trust him
I've just gotta be sure, I've just gotta be sure
I know this kid that signed himself up to a gym
His pals keep nagging him about his chicken chest
"Well you'll never get a girl that way, you've gotta pump up"

What if love isn't only about
And if love isn't only about
Two people in love with themselves
What if love isn't only about
And if love isn't only about
Two people involved with themselves honey
Tom goes to law school, his father wants him to
"You've got to make me proud son, you've got to fill me in
You've got to lead the life I never lived"
July's got a baby now no one invites her to a party
Kids are too inconvenient these days
July doesn't care, she doesn't miss anything

Row row row down the river
Row row row down the road ...
