

When the Last Tree

The Kelly Family

I wanna know is anybody out there
Who's gonna help me fight the dangers in the air.
I wanna know who is out there
Who's gonna help me fight the dangers in the air.
When the last tree has been taken,
The last river has been poisoned
Caught the last fish from the ocean
Eat your money then.
Wenn der letzte Baum gerodet
Der letzte Fluß vergiftet
Der letzte Fisch gefangen,
Werdet Ihr verstehen,
Daß man Geld nicht essen kann.
When the last tree...
Eat your money then!
Before the last tree has been taken
Our rivers have been poisoned
Take our mother earth in our hands
I believe we can
Bevor der letzte Baum gerodet,
Der letzte Fluß vergiftet,
Meine Mutter Erde ich bin für dich da
Give it a chance, ooh...
I believe we can, ooh...
