Cadd9 G

1. Hey Misty, what's on your mind?

Cadd9

You look miles away

G

You can't find your smile?

2. Hey Misty, you getting jealous again?

Your man's going out

Yet you're still stuck in

3. Hey Misty, your mind's racing round

You're thinking the worst

What could be going down

4. Hey Misty, gotta let it all go

Or it will drag you down

And bury you in a hole
