

Come Dig Me Out

Kelly Osbourne

They wanted me
To be the dream
But my mood went south
And I'm stuck on the couch with bad jeans
And the couch sucks me down to the floor
And the floor sucks me down to the earth
And I'm covered and buried before
My heart had a chance to start working

Hey, it's heavy underground
I'm screaming for attention
So come dig me out

Hey somebody can you hear me now
'Cause my world is caving in
so come dig me out
It's raining again
And who've guessed
No one's come along to tell me I'm a mess
And the bed sucks me down to the floor
And the floor sucks me down through the earth
And I'm covered and buried before
My head had a chance to stop hurting

Hey, it's heavy underground
I'm screaming for attention
So come dig me out

Hey somebody can you hear me now
'Cause my world is caving in
so come dig me out

I never thought I could fall ten feet under
I always thought someone would remember
To look for me
Before I reach the end

Hey somebody can you hear me now
'Cause my world is caving in
so come dig me out
