

# This Is Love

Kelly Rowland

Can u describe the moment  
When two people fall in love  
Some say the clouds will spin in circles  
And the rain will turn to dust  
The poor will start to laugh  
Even the rich will start to cry  
It can sneak up like a soldier  
It can wake you up at night  
That's what i feel when I'm standing here with you  
It's what my heart has sworn to be true

This is love  
It's writin on my face  
It's the way i lean my body towards you  
Even when I'm a 100 miles away  
This is love like a diamond in the sand  
It took so long to find you  
I can't wait another day to say  
This is love

ohh  
this is love  
yeah

You take my imperfections  
And turn them into art  
If i could change one thing about you  
There would be no place to start  
You are safety without numbers  
You are dangerously wild  
But you're sweeter than rock candy  
And you ease my inner child  
That's what i feel when i'm standing here with you  
That's what my heart has sworn to be true

This is love  
It's written on my face  
It's the way i lean by body towards you  
Even when i'm a 100 miles away  
This is love like a diamond in the sand  
It took so long to find you  
I can't wait another day to say  
This is love

ohh  
yeah

No i'm no easy angel  
I'm moody like the wind  
I am impatient, complicated  
I am fragile deep within  
But you're no fool  
And i'm no little girl  
Have we not found there is love in the world?

This is love  
I said it's written on my face

It's the way i lean my body towards you  
Even when i'm a 100 miles away  
This is love like a diamond in the sand  
It took so long to find you  
I can't wait another day to say  
This is love

oh  
this is love, love, love  
this, this is love
