

Settle for Love

Kelly Willis

You say you want drama
I give you drama
You want muscle
I give you nerve
You want sugar
Would you settle for honey
You want romance
Would you settle for love

Would you settle for love
Would you settle for love
Would you settle for love
Or do you need all that meaningless stuff
Would you settle for love
Would it be enough
Baby, would you settle for love

You want fire
I give you fever
You want kisses
I give you all I got
You want diamonds
Would you settle for rhinestones
You want romance
Would you settle for love

Would you settle for love
Would you settle for love
Would you settle for love
Or do you need all that meaningless stuff
Would you settle for love
Would it be enough
Baby, would you settle for love

Would you settle for love
Would you settle for love
Would you settle for love
Or do you need all that meaningless stuff
Would you settle for love
Would it be enough
Baby, would you settle for love

Would you settle for love
Would you settle for love
Would you settle for love
Or do you need all that meaningless stuff
Would you settle for love
Would it be enough
Baby, would you settle for love

Baby, would you settle for love
