

Deep

Kelsea Ballerini

Standing in my underwear
Baby, babe, I'm jumpin' right in
It's almost like I don't care
If I even know how to swim
You could save me, maybe I could save myself
What's a girl to do, lookin' at you?
Something crashin' over me like Malibu, I'm diving into you

And it feels like oceans
Oceans around me
I think I'm drownin'
God, I can't breathe, put your mouth on me
Open in uncharted waters
If lovin' you is an ocean, then I'm in deep

Now, it's too late to swim to shore
I don't need an SOS, I guess
From the waves to the floor
I let you move me east to west
I'm running, I'm running, I'm running out of air
All over me, everywhere, oh, I'm almost there

And it feels like oceans
Oceans around me
I think I'm drownin'
God, I can't breathe, put your mouth on me
Open in uncharted waters
If lovin' you is an ocean, then I'm in deep
Deep, deep, deep, deep, deep, deep, deep, deep

I wanna, I wanna, I wanna
Nirvana, nirvana, nirvana
I wanna, I wanna, I wanna
Your body, my body, one body
