

THE LITTLE THINGS

Kelsea Ballerini

Ah-ah-ah, ah-ah
Ah-ah-ah, ah-ah, ah

Save your money on the roses, baby
Just leave a daisy on the dashboard
Just pick me up in your old Bronco, baby
Don't gotta ride in on a white horse

When you're younger they say it's a kiss in the rain
Throwin' rocks at a window

But it's when we're in a crowded room, put your hand on my back
And waitin' on me in the mornin' with my coffee black
Back to the basics 'cause they're bigger than they seem, yeah
Give me that typical, simple love, it's the little things, mm
Yeah, it's the little things (Ah-ah-ah, ah-ah)
It's the little things

It's knowin' when you need to pull me closer
And when you need to give me my space
It's wine and vinyl, my head on your shoulder
Don't gotta treat it like a first date

Used to think it would be a backseat sex scene
Drawin' hearts on the window, mm, but

It's when we're in a crowded room, put your hand on my back
And waitin' on me in the mornin' with my coffee black
Back to the basics 'cause they're bigger than they seem, yeah
(Bigger than they seem, yeah)
Give me that typical, simple love, it's the little things, mm, mm-mm
Yeah, it's the little things (Ah-ah-ah, ah-ah)

Ooh, it ain't grandiose (Ah-ah-ah, ah-ah)
Just pull me in and kiss me slow
Ooh, it ain't just for show (It ain't just for show)
Let's not go big, let's just go home

It's when we're in a crowded room, put your hand on my back
And waitin' on me in the mornin' with my coffee black
Back to the basics 'cause they're bigger than they seem, yeah
Give me that typical, simple love, it's the little things
When I go drinkin' with the girls and you leave on the light
The way you get me laughin' in the middle of a fight
Back to the basics 'cause they're bigger than they seem, yeah
(Bigger than they seem, yeah)
Give me that typical, simple love, it's the little things
Yeah, it's the little (It's the little), the little things
Yeah, it's the little, yeah, it's the little things
