

Buzz Back

Kelsey Hart

I've been barely gettin' by since she rolled out
I's kinda countin' on her turnin' around
I done went and turned every good time down
I kinda figured she'd be back by now

I ain't tipped back Jack in a minute
Forgot how it feels to hold a cold Bud Light
Been a while since I been out in it
I've been a mess, but baby, tonight, I'm gonna

Crank the Chevy, let it take me all the way to the bar
Turn it up to ten, take this whiskey thing a little too far
Gonna show this whole town that I'm not
Still broken down at the house, tryna shake it off
If I'm gonna have one more wasted night
It's gonna be downtown under them neon lights
Ain't waitin' on her to come back, I've done that
Hell, I'm just tryna get my buzz back on

Order a round, have it ready when I get there
Crank up the speakers to some Brand New Man
Run up the tab, double Jack, yeah, I don't care
Ride out the night for as long as I can, I'm gonna

Crank the Chevy, let it take me all the way to the bar
Turn it up to ten, take this whiskey thing a little too far
Gonna show this whole town that I'm not
Still broken down at the house, tryna shake it off
If I'm gonna have one more wasted night
It's gonna be downtown under them neon lights
Ain't waitin' on her to come back, I've done that
Hell, I'm just tryna get my buzz back on

Ain't tipped back Jack in a minute
Forgot how it feels to hold a cold Bud Light
Been a while since I been out in it
I've been a mess, but baby, tonight, I'm gonna

Crank the Chevy, let it take me all the way to the bar
Turn it up to ten, take this whiskey thing a little too far

Hell, I'm just tryna get my buzz back on

(Ain't tipped back Jack in a minute) Nah
(Forgot how it feels) Yeah, to hold a cold Bud Light
(Been a while since I been out in it)
Hell, I'm just tryna get my buzz back on
