

Reason To Raise 'em

Kelsey Hart

Yeah

We're back home, catchin' up with some old friends
Friday night's kickin' off a three-day weekend
Last second prayer and the hometown team wins
"Friends in Low's" playin' again

That's a reason to raise 'em up high
That's a reason to drink all night long
Keep 'em comin' around, throw 'em down
Gettin' loud every chance you can
If you've got a drink in your hand
That's a reason to raise 'em up
That's a reason to raise 'em up high

Summer nights, lawn seats, sold-out show
New year, new me, same champagne toast
Girl's gone, tryin' to bounce back 'cause your heart's broke
It's time to let her go

That's a reason to raise 'em up high
That's a reason to drink all night long
Keep 'em comin' around, throw 'em down
Gettin' loud every chance you can
If you've got a drink in your hand
That's a reason to raise 'em up

Come on and raise 'em up
Come on and raise 'em up
Yeah, if you've got a cup
Come on and get it up

You're at the end of your buddy's Best Man speech
When your brother gets back home from overseas

That's a reason to raise 'em up high
That's a reason to drink all night long
Keep 'em comin' around, throw 'em down
Gettin' loud every chance you can
If you've got a drink in your hand
That's a reason to raise 'em up high
That's a reason to drink all night long
Keep 'em comin' around, throw 'em down
Gettin' loud every chance you can
If you've got a drink in your hand
That's a reason to raise 'em up
That's a reason to raise 'em up high
