

Without You In It

Kelsey Hart

Without you in it
This truck would just be another one runnin' down the road
Without you in it
These four walls sure wouldn't feel like home
I'd have a heart like a ghost town, enough hurt to go around
I'd hate to know what it's like

Without you in it I'd be stuck in a world spinnin'
Tryin' to make it through this life
Without you in it, yeah, I'd spend every wakin' minute
Knowin' something's missin' from mine
You're my sunset drive, why I love livin'
No, I just can't see a life without you in it

Without you in it I'd be tossin' and turnin'
Cursin' this cold and empty bed
Without you in it every dream that I ever dreamed
Would stay locked up in my head
Every song that I'd sing, every picture in a frame
No, it wouldn't mean a thing

Without you in it I'd be stuck in a world spinnin'
Tryin' to make it through this life
Without you in it, yeah, I'd spend every wakin' minute
Knowin' something's missin' from mine
You're my sunset drive, why I love livin'
No, I just can't see a life without you in it

Yeah, I'd be lost
I'd be a mess
I'd be tryin' to let go of the best thing that I ever had
That's where I'd be at
Without you in it

Without you in it I'd be stuck in a world spinnin'
Tryin' to make it through this life
Without you in it, yeah, I'd spend every wakin' minute
Knowin' something's missin' from mine
You're my sunset drive, why I love livin'
No, I just can't see a life without you in it
Without you in it
