

I've been drifting away, away  
I've been drifting away, away  
I've been drifting away, away  
I've been drifting away, away

I told the girls 'bout my man (I)  
Can't believe his love is real (So)  
So good to me, I can't describe (Can't)  
It's a feeling, oh, it's real (Love)  
He came to me, oh, in a dream (Cool)  
Always smoother than before (Smooth)  
He says I'm lookin' like a snack (Yum)  
It's a feeling, oh, it's good (Love)

I've been drifting away, away  
I've been drifting away, away

My baby, you're the sweetest gift  
The sweetest thing in my  
In my whole damn life  
The gift inside, the kick inside  
It's a vibe, oh, yes  
It's alright  
Oh, it's okay on any day, in every way  
Oh, you're so damn fine  
You're so damn fine  
And the guitar goes

Oh, I  
Oh, I can't believe it, this feeling  
Something like an angel, I'm reelin'  
I was so used to feelin' no good  
I was so used to bein' no good  
Oh, I can't believe it, this feeling  
Something like an angel, I'm reelin'  
I was so used to feelin' no good  
I was so used to bein' no good

I've been drifting away, away  
I've been drifting away, away  
Away, away, away, away  
Away, away, away
