

# Catch Me If You Can

Kelsy Karter

I ran away with only ten bucks in my pocket  
And a twenty thousand ransom for my head, hey  
My baby said I didn't take it like he wanted  
So I kissed him on the neck and shot him dead  
He's such an artist how he'd paint a broken promise  
Now he's laying on the floor covered in red, hey  
And if I'm honest, killed a man to keep him modest  
Yeah, he broke me, so I had to get revenge

When they come for me, oh, I'll be gone for miles, baby  
And I'll think of you and sway to your favorite song  
When they find me, I'll be riding high in style, baby  
And I'll look down and I'll say

(Hey!)

Catch me if you can  
Ooh, ahh, mmm  
Catch me if you can

Oh, he had a face so pretty  
Type of smile that makes you dizzy  
Oh, it almost took me down, hey  
And then it hit me, yeah, he started acting fishy  
Bet he wishes he was nicer to me now, uh  
Such a composer, how he wrote the story for us  
Bet ya didn't see this coming, did ya now?  
And I'd be lying if I said I wasn't crying  
But he broke me, so I had to take him out

When they come for me, oh, I'll be gone for miles, baby  
And I'll think of you and sway to your favorite song  
When they find me, I'll be riding high in style, baby  
And I'll look down and I'll say

(Hey!)

Catch me if you can  
Ooh, ahh, mmm  
Catch me if you can  
Ooh, ahh, mmm  
Catch me if you can

It's over now  
But I'll see you in another life  
Can't catch me now  
It's over now  
But I'll wait for you up in the sky  
It's over now

When they come to me, oh, I'll be gone for miles, baby  
And I'll think of you and sway  
Hey!  
When they find me, I'll be riding high in style, baby  
And I'll look down and I'll say  
(And I'll tell you, baby)

Catch me if you can  
Ooh, ahh, mmm

Catch me if you can  
Ooh, ahh, mmm  
Catch me if you can
