

# Out Of Drugs

Kelsy Karter

Coca-Cola dreams, sugar  
Don't wake me from this sleep  
I'm so in love  
I can't believe it's only been seventeen days  
I'm losing my shit  
Ain't never felt this way

Tell me, babe, is this a bad trip?  
Or am I just tweaking on sadness?  
Tell me, babe, is this a bad trip?  
Or am I just tweaking on  
Tweaking on

Will you still love me when I'm all out of drugs?  
When I can't get you high  
When I can't get you high

Brand new Chevrolet  
We're sparkling today  
But when the smoke, smoke comes flying  
Scratch, scratch on the hood  
Will you keep, keep riding or leave me for good?

Tell me, babe, is this a bad trip?  
Or am I just tweaking on sadness?  
Tell me, babe, is this a bad trip?  
Or am I just tweaking on  
Tweaking on

Will you still love me when I'm all out of drugs?  
When I can't get you high  
When I can't get you high  
Ohh, when I can't get you high  
(Get you high)  
When I can't get you high

Don't stop loving me [x7]  
Don't you ever stop loving me, ohh!  
Oh baby, don't stop loving me  
Don't you dare stop doing that thing, darlin  
Ohh!  
Whoo!

Will you still love me when I'm all out of drugs?  
(When I'm out of drugs)  
When I can't get you high  
When I can't get you high  
Ohh, when I can't get you high  
When I can't get you high  
Will you still love me when I'm all out?
