

Sad Sad Summer

Kelsy Karter

My bills keep climbin', the stress I keep buyin' plays with my mind

I smoke and I drink, not to think about it

Now there goes my lover, ugh

Quick go find another or I'll start thinkin, overthinkin

We both know that never goes well

But it's lookin' like another sad sad summer for me

It's lookin' like another sad sad summer

And I got them big dreams, my name on the marquee

But I'm feelin' blue cause my shit ain't poppin' off yet

And I miss my mama, sometimes when I call her

I hope she'll say "Baby girl, come on home"

But it's lookin' like another sad sad summer for me

It's lookin' like another sad sad summer

Beach balls and waterfalls, everyone in love

But I'm in the water just, just tryna stay above

They all got I don't feel the love

I'll be here, in the cold, cold, cold, cold water

And I don't wanna grow up

Aick of being told what I'm suppose to do, ugh

So I smoke and I drink not to think

But it's lookin' like another sad sad summer for me

It's lookin' like another sad sad summer
