

# Blessed

Kelvyn Colt

I woke up this morning, I look to the sky  
And I think that I'm blessed  
Phone got a text, plug is supportive  
If he think that I'm blessed  
Keep that protect, you peek at my set  
Deep my team it is blessed  
You look at my girl, oi it's a peng ting  
Know that she blessed

Money man, money man, money man  
You know that's what they all hollering  
Kelvyn Colt, stay afloat, cash flow  
Bring pound, yen, euro and dollar in  
Mess with my bands though  
Truss I buss in like I'm Rambo  
Till everything here lock off  
Look at your gear, near, see is a knock off  
Chop chop till my food proper  
You thinking it is drugs  
Cus I talk about the supper  
Hardly eating  
Cause I'm always in the Lab  
Cooking tracks  
Bumping that In the back  
Matt black bimmer  
German whip  
Blessed living like a sinner  
So If it ain't a about a thick mixed chick  
Tell a prick quick go fuck off  
Stick shift, whip go skrt skrt, cut off
