

Problem, Yeah I Know

Kelvyn Colt

Aight, yeah, yeah
Ayy

I got a problem, yeah, I know, yeah
No matter what you doin' to me
I just can't let go, ayy
P-prolly turn the other cheek
Even rectify your wrongs, I just close my eyes
No fear of bein' lonely, only put you before I
Got a problem, yeah, I know (Yeah)
No matter what you doin' to me

I just let slide, slide, slide, slide
Turn the other cheek, close my eyes
Slide, slide, slide, slide
Turn the other cheek

If I did you how you do me
Flip the script and act bougie
This whole shirt, turn a movie
And I ain't tryna see that, I ain't tryna be that fam
That's not my nature
I'm a lover, not a hater
On your level, cannot cater
Walkin' on the Earth for greater, yeah
Benefit for all
This ain't self-righteous talk at all
It just means I cannot respond
To negativity with compulsivity or impassivity
I gotta counteract, we are on privity
Got to be one, destroy and then build
Can't remain still while the goot get outrun

I got a problem, yeah, I know, yeah
No matter what you doin' to me
I just can't let go, ayy
P-prolly turn the other cheek
Even rectify your wrongs, I just close my eyes
No fear of bein' lonely, only put you before I
Got a problem, yeah, I know
No matter what you doin' to me

I just let slide (Slide), slide (Slide), slide (Slide), slide (Slide)
Turn the (Slide) other (Slide) cheek, close my eyes
Slide, slide, slide, slide
Turn the other cheek, close my-

Is it altruism, narcissism, or somethin' amidst?
A hero complex or values I live by since a kid?
I've been seekin' harmony, sometimes it may be harmin' me
Maybe, arguably, I'm a fool or you a troll
I got problems, yeah, I know, I cannot let go
People take advantage, consciously doin' me wrong
If I got you in my heart, I perceive you as a part
Of my entity and definitely that means

I got a problem, yeah, I know (I got a problem, yeah, I know), yeah

No matter what you doin' to me
I just can't let go (I just can't let go, go, go), ayy
P-prolly turn the other cheek
Even rectify your wrongs, I just close my eyes
No fear of bein' lonely, only put you before I
Got a problem, yeah, I know (Yeah, I know, yeah, I know; yeah)
No matter what you doin' to me

I just let slide, slide, slide, slide
Turn the other cheek, close my eyes
Slide, slide, slide, slide
Turn the other cheek, close my eyes
I just let slide (Slide), slide (Slide), slide (Slide), slide (Slide)
Turn the (Slide) other (Slide) cheek, close my eyes
Slide, slide, slide, slide
Turn the other cheek, close my-

(Slide, slide, slide, slippin' and stylin')
