

## Weakend

Kelvyn Colt

If I meet you on a weekend  
Will you be there when I fall?  
If you love me on my weak days  
Be there when I crawl  
If I catch you on a weekend  
Will you catch me when I fall?  
Will you love me on my weak days?  
Be there when I crawl

I heard they love you when you dead, yeah  
Don't want anyone to miss me  
But to love me while I'm here, yeah  
Everybody loving when the body talking  
There ain't no discussion, ain't no interruption  
Contact me if you about the touching  
What an introduction  
I forgot to say my name  
Noticed you forgot the same  
Know it's true if we get naked baby  
We both old enough and know the saying  
Aye, we could take it anywhere  
Could be lovers for the weekend  
Could be more than an affair

If I meet you on a weekend  
Will you be there when I fall?  
If you love me on my weak days  
Be there when I crawl  
If I catch you on a weekend  
Will you catch me when I fall?  
Will you love me on my weak days?  
Be there when I crawl
