Kem

Yeah  
Big Snoop D-O-Double G  
Kem, take 'em downtown  
Oh, oh  
Oh, oh  
Hey, hey, yeah

Tell me what you want, girl  
If I could take you anywhere  
Would you wanna go  
In this world you'll find  
Girl, you gotta have a open mind  
I'll wait for you to come home  
We can break whenever you want, uh  
Girl, you never really gotta think it, know it  
We're the beautiful people goin'

Downtown  
Everybody wanna meet you, baby  
Downtown  
They don't even really know if they want it  
Downtown  
Everybody wanna greet you, baby  
Downtown  
Yeah, yeah

Baby, what makes you feel good?  
Do I rock your world when I tell you, mama  
That you are my favorite girl  
Let me tickle your emotions  
Don't give up, never get down  
If you lost, in the sound, uh  
Maybe you and I can get away from here  
Take it to another atmosphere  
Baby, kick it just like your birthday  
Get it all wrapped up in your pretty little dress  
Sugar, let's go celebrate  
Why you gotta have a reason?  
Diggin' the view, see the lights  
Bangin' this groove through the night, girl  
You better run, tell somebody  
That we goin' to the after party

Downtown  
I'm takin' my baby  
Downtown, yeah  
We get it like  
Downtown  
I'm takin' my baby  
Downtown, yeah  
We goin' downtown

Drank in my cup, pound in the cloud  
Which way is up, we headed downtown  
Posterior in area not to interfere-ior  
But to jump outta bed with the merrier  
Clear-ior ya stereo bump, red dress with the pumps

Baby girl, you got that good stuff  
That I, been wantin' to get next to  
You, you, you, you got a attitude  
Loved by everybody and everyone  
You might be that very one  
With wings of an angel  
On the scene, we lean and do the tango  
We dip, slip, slide, spin away  
See we can go everywhere, any day  
Just name it, picture and frame it  
Lifestyles of the rich and the famous

Downtown  
I'm takin' my baby  
Downtown, yeah  
We get it like  
Downtown  
I'm takin' my baby  
Downtown, yeah  
We goin' downtown
