

Play For Me

Kemopetrol

Play. Play for me.
All the other songs have gone to sleep.
Play. Make me feel.
Summon the bad spirits out of me.

Here, in the eye of the storm.
You clear my mind of it all.
And for awhile I am far away.

So play. Play for me.
Let the love you hold in there be free.
Play. Make me dream.
Take me somewhere I have never been.

Here, there is nothing to fear.
You make the world disappear.
And for awhile I am far away.

Here, in the eye of the storm.
You clear my mind of it all.
And for awhile I am far away.
And for awhile I am far away.

So play. Play for me.
All the other songs have gone to sleep.
