Old Fashioned Way

Ken Boothe

Now that my baby is going away
This has give you privilege to come and stay
But oh no, oh no
Not in that old fashion way
Old fashioned way, yeah yeah yeah yeah
Old fashioned way

Please don't you give your love away
That's what she did and went away
So oh no, oh no
Not in that old fashioned way
Old fashioned way, yeah yeah yeah yeah
Old fashioned way

Please don't you give your love away

That's what she did and went away
So oh no, oh no
Not in that old fashioned way
Old fashioned way, yeah
Old fashioned way and I would tell you baby
I don't want you that kind-a way
Come on, come on and suck to your spill
Uh no, I don't wan't you to give that old fashioned way
Oh baby, baby, come on, come on
Oh Lord help me, that's what you need
