I know all of these bitches be lame (Lame)
All of these niggas be lame (Lame)
You ain't stay down, you changed (Yeah)
Now you want a piece of my change (Change)
All of these niggas, they changed (They changed)
All of these bitches, they changed
These niggas be changin' up
You ain't gotta stay down 'cause they gon' change on ya
You ain't gotta stay down 'cause they gon' change on ya
Ain't gotta stay down 'cause they gon' change on ya
You ain't gotta stay down 'cause they gon' change on you

Everybody change for a lil' change
So I keep me a distance, I keep me some range
Fuckin' with me, all you heard was a bang
I don't fuck with nobody, I'm doin' my thing
All of these drugs keepin' me sane
Call up my plug, I need some lean
Call Metro up, I need some weed
You need to put that shit out, I think I smell a seed
I got some hoes, they tryna feast
I'm on the South, she on the East
Dick in her mouth, this bitch tryna eat
I ain't talkin' food but she ate up the meat
Send her home to you, she can't come home with me
She belong to you but to me she a freak
She fuck with me 'cause I'm turnt and I'm geeked
You burnt out, you lame, and you seven-day week
Yeah, I got Xans on me, bands on me, and I'm geeked up
Yeah, got contraband on me through TSA, I don't give a fuck
It's always about what he or she say, I don't give a fuck
They never say that shit to my face 'cause I keep it tucked
(Know I keep it tucked)

I ran up them racks, I ran up my bucks
By the look in her eye, I can tell she wan' fuck
No she ain't gotta change, she just trying her luck
Send me the addy, lil' bitch, and it's up (Hey)
She dropped the dot, I ain't even pull up
Gotta be cautious with these bitches, yeah

Call up my bank before I pull up
Not a regular day, 'bout to pull out a dub

They broke as fuck, they lame as fuck
I remember I was ridin' the bus
Now I'm switchin' the lanes, everybody know us
Ayy, yeah, switchin' lanes, yeah

I move around like I'm the president (Yeah), that's why your bitch let me fu
