

# Confetti

Ken Carson

Ha, shrimp and steak, we eatin' good  
Where the fuck the confetti at? Yeah, I made it out the hood  
Yeah, we upped a million on them niggas, came from smokin' Swishers  
Hand me downs, got 'em from my sister, slidin' with my fam  
I can put you down, everythin' ain't always perfect, yeah  
Come to you if you deserve it  
She want me now that shawty say that it's urgent  
Ain't mean to break your heart ain't do that on purpose

Work it, work it  
Now that experience yeah she say that she nervous  
Won't call away ay you can get this service  
I don't need to repeat myself yeah I know you heard me
