Ken Carson

Oh, you like how I tred?
You like, you like, you like how I do that shit, huh?
Huh, I could tell, huh, I could tell, huh
I could tell, huh, huh, huh, huh, huh

Two hunnid, I'm in the clouds
I've been blown all day, I smoke too much loud
Ain't even got time for famil'y but I know they proud
Ain't even got time for my lil' bitch, I'm rockin' out the crowd
If they don't catch me red headed, I'm takin' it to trial
Trapped out the spot, the lil' bando, bitch, we need every dollar
I've been smokin' my problems, I've been pill poppin' my feels
I'm still fightin' my demons, wake me up, I'm dreamin'
She want me she fein' and I can tell
I think I like her, I remember how she smell
If she don't reciprocate the energy, oh well
Ain't trippin' 'bout this hoe, bitch, you can stay over there

I got diamonds on my hair
I got diamonds on my neck
I got diamonds on my wrist
I put diamonds on her, now she think she a part of the team
I just party, in my soda, I'm sippin' on lean
I'm addicted to codeine, I'm addicted to these drugs
She just wanted to fuck a young rich nigga, she don't know that I'm fucked up
Yeah, yeah, she don't give no fucks, yeah, yeah, she don't give no fucks
I ain't seen my mans in years
I've been thinkin' 'bout a whole lot, that's how I made these Ms
She agreein' with me, she sold out, walk in that bitch with my pole out
Walk in that bitch with a whole lot of it, cash, I got a whole lot of 'em
Bags, I got a whole lot of 'em, fuckin' your ho, she yo' problem
Lean, I need me a kick stand, all black, all Rick denim

Huh, huh, huh
Huh, huh, huh, huh, huh, huh, huh
Huh, huh, huh, huh, huh, huh, huh

I just copped a AP, won't catch me with Franck Muller
When I was in school, they caught me clutchin' on my tool
When I was in school, I skipped class for a deal
Yo' bitch prolly let me fuck 'cause I got more cash and I'm cooler
You niggas ain't gettin' no money, switched yo' bag on her ass
I Goku with the hunnid, these niggas ain't gettin' no cash
These niggas gotta take some kind of drugs, G-lock, ski mask
When I'm outside, it's a hunnid
When I'm outside, it's a hunnid
When I'm outside, it's a hunnid
When I'm outside, it's a hunnid
When I'm outside, it's a hunnid
When I'm outside-
When I'm outside, it's a hunnid
When I'm outside-
When I'm outside, it's a hunnid, huh

Full atomic gun, huh, I'm shootin' at the crowd
Everybody run, everybody get down

Smokin' that shit, I can't hear, you know we smoke that loud
I got diamonds all over my body, from my ears to the ground
I'm the diamond man, I got diamond pants
My lil' small wallet chain cost like forty grand
X chain came from Wafi cost like one-sixty
That's 200K just to play, and I ain't done with it
Diamonds in my teeth, I watch when the sun hit
Tennis chains on, hit like Serena and Venus
VVs on my ho so cold, she say she anemic
Shop in New York Soho, we don't shop at Nieman
Pops, show these young niggas up, these niggas ain't gettin' no money
That shit you posted on the 'Gram, I spend that shit for fun
Bruh, that shit a 100K a week and I'm not done
She was with me the first time she seen a honey bun
Throw the whole hunnid thousand, hold up I-10
I turned up my partners and turned up my bitch, we all in
I pay everything in cash, huh, huh, it's all there
Bitch, like to say, "How I like my swag, huh?" Yeah, it's all rough
Catch his partner, turn him into a pall bearer
Just like bullet for bullet, I'm stayin' in my ground
I still live in Atlanta, ain't move out of town
Catch a out town nigga down bad, he was out of balance
