Ain't no telling what I'm gon' do next (What I'm gon' do next)

I can't deal with you no more, girl, I'm stressed (Girl, I'm stressed)

I ain't gon' lie, with that head, you the best, yeah (I know you the best)

I ain't gon' lie, girl, that head got me blessed up

I beat it up 'til she turn red just like ketchup

Beat a nigga ass 'til he dead, yeah, I'm like that for her

I don't give a fuck, heard what I said, yeah, I back it up

Pussy ass nigga, I back it up, huh

Nigga ain't strapped for nothing

Do a opp pack nigga, just like some bad bitch, she said, "I'm gon' clap for somethin'"

Niggas always tryna act for something

Better go and try out for something

We got weed, lean, what you need? Bitch, it's Opium

She gon' fall for me and do anything, I don't owe her none

I was down bad now I'm living upper echelon

She got too attached, now Boy Barbie don't want nothin' from her

Used to want her bad now I see her and I run from her

These hoes go out bad, I can't care for one or go for one

She just wanna fuck me 'cause she know that I'm the chosen one

She just wanna fuck me 'cause she know that I'ma throw her some

I'm just in my bag, oh yeah, the Goyard one

I just pulled up on you just to flex, yeah

Ain't no telling what I'm gon' do next (What I'm gon' do next)

I can't deal with you no more, girl, I'm stressed (Girl, you know I'm stressed)

I ain't gon' lie, with that head, you the best, yeah (You know you the best)

I ain't gon' lie, girl, that head got me blessed up

I beat it up 'til she turn red just like ketchup

Beat a nigga ass 'til he dead, yeah, I'm like that for her

I don't give a fuck, heard what I said, yeah, I back it up

I'll beat a nigga ass 'til he dead

Keep that
