And I know that these lames wanna be like us (Yeah)
And I know niggas don't get as high as me
And I know niggas don't get as fly as me
I ball like I play in the MLB

I keep it a hundred like a centipede
And I know that these niggas ain't as real as me
And I know that these niggas ain't trill as me
How you jacking that shit? Man, that's my swag
I don't want it no more, I don't need it back
Yeah, he try to run off, we turn that boy into a pack
Yeah, we smokin' on whoever try this shit
In the trap, make a bad bitch come bite this shit
That's a dub, I can still make her ride the dick
Say you do this shit, I'm really doing it
These niggas be talking, I'm really influencing
Lil' boy, what you doing, that shit ain't enough
Better get off your ass, get in your duffle, get in your bag
I know this shit tough but later you gon' brag
And tell all these stories about when you ain't had shit
Gotta put in that work, give a fuck 'bout a bad bitch
'Cause when you done working that bitch still gon' be there
But I want her the most, got a new bitch to eat up
Look in the sky, who do you see? Bruh
That's not a plane, lil' bitch, that's me though
I'm goin' insane, I'm off of that meter
Your bitch in my DM, I can't wait to meet her
I asked for her number and told her let's meet up
Told her when I'm in the city I'ma see her
Now I'm in the city, your bitch tryna link up
You ain't doin' shit boy, worried 'bout what I'm doing

Say you do this shit, you don't do it enough (Oh yeah)
Say you do this shit, you don't do it enough (Oh yeah)
