

Ice

Ken Carson

Look at my teeth and you'll see VVS in there
Look at my trap, we got P's in here
We got pills and I got codeine in here
Lookin' for your hoe, yeah, she in there
Oh she cheating, yeah, oh she tweaking, yeah
She told you she was at a meeting, yeah
But she in the trap and I'm freaking her (Aviator)
I'm in the trap and I'm geeking, yeah
I'm in the trap and I'm rolling dice
My bro in the trap, he just sold some ice
But it really wasn't ice, that shit was just rice
Finesse a nigga then get back to my life
Before this rap shit, all I knew was swipe
If I weren't rapping, bitch, I'll still be aight
I still got them racks, I still have this ice

I'm dressed in all black, I feel like a knight
Lil' shawty ass fat, or is it on tights
I get high as fuck, I ain't talking no flight
I keep my strap tucked if these niggas gone bite
That nigga tried me and now you see the light
I'm tryna' see what hoe, Imma take home tonight
I rock Givenchy, give a fuck 'bout a "Hi"
My bitch rock Givenchy, my hoes rock Designer
.50 pointers on my neck, it'll blind ya'
I watch on my wrist when my VVS just shining
It was still on me then they woke up, perfect timing
They used to follow me, now everybody shining
Now they do what I say, I'm feeling like Simon
Look at my last change from all of this rhymin'
I put in that work, I really be grindin'
(You don't got no excuses, just get off your ass)
('Cause I ran it up fast)

Look at my teeth and you'll see VVS in there (Yeah)
