

# Inferno

Ken Carson

I had to cut 'em off, I couldn't reach my goals with them  
I was servin that yay' to a white bitch, she look just like Kim  
V-A-M-P, I'm Young Vamp, throw up the YVL  
It's fuck 12 'til I die  
(Wake up, FILTHY)  
Hahahaha

Laughin' to the bank, huh, huh, look how the tables turn  
Cremate my opps when they all die, make sure they feel this urn  
Infinite inferno, they gon' forever burn  
How you touch that fire and you know it's hot? You ain't gon' never l  
earn  
I watched everybody rock shit out, I had to wait my turn  
She go wig, she don't need a perm, everything I got, I earned  
If I fucked you with a condom on, no, I don't want your germs  
All you want is cash, huh, huh, oh, you want this sperm?  
I get to that bag, yeah, yeah, stuff it in my Goyard  
Gorecore, huh, huh, huh, niggas know I go hard  
I'm a real rockstar, I make art, I'm an artist, Mozart  
Spent a half a mill' all on the whip, I'ma drive like go-kart  
You can be the man, yeah, yeah, you just gotta play your part  
I was dealt a good hand, yeah, yeah, but I still had to play my cards  
I played them niggas like I was dumb, I was really smart  
A lot of niggas got rich off me, I ain't trippin', yeah  
Too many niggas at the party, let them hoes in here  
I had to cut 'em off, I couldn't reach my goals with them  
I was servin that yay' to a white bitch, she look just like Kim  
V-A-M-P, I'm Young Vamp, throw up the YVL  
It's fuck 12 'til I die, they need to let my partners out of jail  
He bluffin' like he tough, he don't know how them .308's feel  
Can't cuff, but you can get fucked, you can lay, but you can't stay h  
ere  
Fuck you mean I'ma play ya? Fuck you mean I can't find that?  
Fuck you mean you ownin' me, but you buyin' Rick? Pussy nigga, pay up  
Fuck you mean you gon' leave when I pull up to the function?  
I wasn't with no hoes, you makin' assumptions  
Parkin' lot pimpin', CITGO, it's just me and my gang  
Jordan's on my feet, H&M fit collab with Alex Wang  
I was born in 2000, I'm a millennial, bae  
And I swear this not no aesthetic, I was born this way  
I struggle how you struggle, I was down below zero  
I had to go villain, they didn't accept me as a hero  
Stay to myself, I don't really, really fuck with people  
Now everywhere I go, they like, "Ayy, that's that negro"  
I'm the lord of chaos, yeah, I gotta give you more  
This my best era, yeah, yeah, I'm in my glo  
If she pretty and she ask for somethin', I tell her, "For sure"  
'Cause I hate when she got an attitude, I can't tell her, "No"
