Then I turned to a man
Now they calling me X-Man
Now I'm counting up these bands
Now I'm counting
Now I'm counting all these bands
Now I got all these fans
Now I got
All these bitches up in my pants
All these bitches wanted my bands
Not my love

All you want is my bands
You don't want my love
She just want Ken Carson
To spend them racks on her
But I won't feed in nah

But she want some Prada

That's what happens when these bitches think they too too lit
They wanna put a lil price on they coochie
But I ain't cool what these niggas cool with

Last time I saw shawty
Was in LA
At a hotel suite

Like a lint roller
She was all over me
I put ice on my neck
Then iced up my wrist
And I got this ice all on my teeth

Black shirt on nigga you ain't knowing this a Rick Owens Tee
I get so high
I cannot come down

I can't feel my knees
Shawty sucked me up she need a crown

Hell yea

She said X-Man
The man of her dreams

I just popped some X and I poured up some lean

I just Took a shot of methamphetamine

It's 4 in the morning
I'm not even yawning
I'm making them bangers still
If you really love me
If you really with me
You'll be right here
'cause I work all day
All day
And the night shift
Shawty might Uber to me
Or she might Lyft
I told her don't waste no time
Baby you can change your life here

You can change your life here
All it really take is one post
All it really take is one tweet
But really it don't really take nothing
For them to know you fucking with me

I swear it don't really take nothing
For them to know you fucking with me
Prada yeah all on my sleeve
Vetements all on her jeans
Maison Margiela her purse
Damn this bitch got more swag than me
