Pour a four of drop, this ain't Wock', this some red (Pour a four, this ain't no Wock', boy)
Pop me a Perc', fuck that bitch, go to bed
I gave that ho the work, she said she cannot feel her legs
And you know I go berserk
I can do anything when I'm off these meds
I can do anything when I'm off these meds (Meds, meds, meds, meds)

I can do anything when I'm off acid (Acid, acid, acid, acid)
I can do anything when I got these racks (And I got this money, I got this cash)
I can do anything, I don't get no rest (I don't get no rest, no, I can do anything)
I can do anything, bitch, I ain't stressing

I am the only one, there's no eleven
You know that double cup is like my best friend
