Ken Carson

Rolled me a blunt, poured a four, popped a pill  
New pint of Wock', know I'm crackin' the seal  
Ain't gotta ask your ho if she wanna fuck, she already know the deal

Ain't doin' no procrastinatin' with her, I'm goin' straight for the kill

I fucked the bitch off the pill  
And she was bald-headed like Little Bill  
I heard you be payin' her bills  
Whatever I want do you will  
These niggas be chasin' these hoes  
I'm steadily chasin' these Ms  
I'm steadily chasin' these Ms  
I'm steadily chasin' these Ms

I want a M, I'm talkin' a milli'  
Shawty ride on this dick, pop a wheelie  
I go dumb on that bitch like "You silly?"  
Fucked on his bitch, now he say he want kill me  
He want smoke 'bout a bitch, I'm like "Really?"  
Run up up a three-five, now I'm high like the ceiling  
I popped a G5, I'm up high like the building  
I pour me a four and I'm geeked, do you feel me?  
If you see me and I'm high that's the real me  
Banana clip, you could get peeled, B  
You can get stripped, chicken, no Zaxby's  
These niggas be talkin' a lot but won't at me  
I can't get caught lackin', I ride with my gat, bitch  
I ride in the chauffeur, bitch, this not a taxi  
When it come to drugs, you know that we taxin'  
'Cause bitch, it's corona and we got the vaccine

Rolled me a blunt, poured a four, popped a pill  
New pint of Wock', know I'm crackin' the seal  
Ain't gotta ask your ho if she wanna fuck, she already know the deal

Ain't doin' no procrastinatin' with her, I'm goin' straight for the kill

And she was bald-headed like Little Bill  
I heard you be payin' her bills  
Whatever I want do you will
