

# Nobody

Ken Carson

I don't need no lean to tweak  
I don't need no perk to geek  
Fuck that shit I don't need no molly  
Fuck that shit I don't need nobody  
I don't need these hoes  
I don't need these beans  
I don't need these loads  
I don't need these fiends  
I just need my dough  
It's just me and me  
I just need my dough  
It's just me and me

Fuck it I don't want no smoke  
I don't need no weed  
You just get high off drugs  
I get high off other things  
I get high when I make a half a mil in a week  
If money was a high these broke-ass niggas would be sober  
I get so much money  
I woke up with a money hangover  
I'm sipping blue hunnids  
And I popped a pink 50  
Alex Moss post my jewelry and the whole  
World like damn he shittin  
I done copped so much damn jewelry  
They like damn how much money he gettin

These nigga pocket watching  
My pistol hold a 50  
I got a drum on this bitch it look like a titty  
I make a fuck nigga dance  
Just like P Diddy  
I make that motherfucker sing  
Like Pretty Ricky  
That stick turn a nigga into a bitch  
Like he got ass and titties  
Got Glocks and sticks yea they came with dicks  
Yea they came with ass and titties  
And you know I rock fashion with it  
My shoes came from Balenci  
My fit match my glizzy  
I cock it back and blick it

I don't need no lean to tweak  
I don't need no perk to geek  
Fuck that shit I don't need molly  
Fuck that shit I don't need nobody  
I don't need these hoes  
I don't need these beans  
I don't need these loads  
I don't need these fiends  
I just need my dough  
It's just me and me  
I just need my dough  
It's just me and me

It's just me and me  
It's just me  
It's just me and me  
It's just me  
It's just me and me  
It's just me
