Ken Carson

(Outtatown, but we never outta money)
I don't wanna smoke with you
Pop pills with you
(Star Boy, you're my hero)
Sip drank with you
I don't even wanna be in the same room
Bank with you

I cannot fuck with these niggas
I cannot fuck with these bitches
I'm tryna get my racks bigger
They see me, they like, "Ayy, that's that nigga"
Yeah, I got what you need, pills, lean, weed
She said my love like a drug to her, I turned her to a fiend
Said, "Baby, can you please slow down, I'm pouring up that lean"
I said, "Baby, can you please turn around and throw it back for me"
Throw it back (Me), throw it back (Me)
Throw it back (Me), throw it back (Me)
Throw it back (Me), throw it back (Me)
Throw it back (Me), throw that shit back (Me), yeah

You know I stay dressed in all black, yeah
I get fly, I feel like a bat, yeah
I turn a good girl to a gnat, yeah
It's Opium shit, lil' bitch, slatt, yeah

Nah, you can't smoke with me
Nah, you can't sip my lean
Back then, they ain't fuck with me
Back then, they ain't give no fucks
Now they tryna see what's up with me

I cannot fuck with these niggas
I cannot fuck with these bitches
I'm tryna get my racks bigger
They see me, they like, "Ayy, that's that nigga"
