I'm totin' my gat when I'm in the club
See the opps in the back but they know it's up
See the opps in the back but them boys know what's up
Hit 'em with the ratchet, you thought it was tucked
Send him a drop, you know he bluffed
It's going down 'cause he said it was up

They say she won't even see me but I said, "What's up?"
