Ken Carson

Upside, upside, upside, upside
(Outtatown, but we never outta money)
Yeah, upside down
Yeah, ayy, upside down
Yeah, ayy, yeah, ayy, yeah, upside down
(Star Boy, you're my hero)
Yeah, ayy, yeah, ayy, yeah, upside down

Why you wear your cross upside down?
Baguettes, you know they inverted
My diamonds, they wet, you know they be squirtin'
I ball like the Nets, I met Kyrie Irving
But I fuck with Curry 'cause I keep a thirty
I clutch on whoever, you know I ain't worried
Turn that bitch upside down, yeah, you know I invert it, yeah

Ayy, yeah, ayy, yeah, upside down
Yeah, ayy, yeah, ayy, yeah, upside down
Yeah, ayy, yeah, ayy, yeah, upside down
Yeah, ayy, yeah, ayy, yeah, upside down

I pop pills, give a fuck how you feel
Every day I roll weed and pour lean
Get so high, don't know what day it is
I get fly, yeah, they love my appeal
I been rocking these clothes, they Japanese
Remember niggas used to laugh at me
Now I'm doing shows in your town
I'm turning that bitch upside down
I'm counting up racks that you'll never count
I leave with a bag, can't guess the amount
I do what you can't, you do what you bound to do
She smile when she with me, she frown with you
I had to turn your main bitch frown upside down

Yeah, ayy, yeah, ayy, yeah, upside down
Yeah, ayy, yeah, ayy, yeah, upside down
Yeah, ayy, yeah, ayy, yeah, upside down

Told that ho she a 304, just turn that shit upside down
I count it up like a calculator
These niggas be trash, just throw some tomatoes
I feel like the God of War, Kratos
I hide on your block, I shoot like a layup
I fuck on that bitch, I fuck on your main ho
I get to the money, I get to the pesos
Shoutout to my plug, you know his name Pedro
But if he move funny then we pushing up
I don't trust nobody, I keep my stick up
If she around me then she keep my dick up
I don't put nothing past a bitch, all these hoes wanna fuck
I'm rocking Givenchy, I'm swagging it up
Balenciaga, yeah, I'm tagging it up
I throw on this Rick and feel part of a cult
