

Part Three

Ken Hensley

Once upon a time
Reason lived with rhyme
And today I see you're in love with me

I just sit and count
My time is running out
All I want is you
You and your heart too

But don't be too late to take my heart
My love won't wait to make a start

I see us riding on a wave of joy
I see us running round the moon
One day we're sure to
Find our rainbow's end to begin again

Oh, how I love you
