

## Child of God

Kendall Payne

With every breath with every thought  
From what is seen to the deepest part  
I offer all that I've come to be  
To know your love fathering me

With every breath with every thought  
From what is seen to the deepest part  
I offer all that I've come to be  
To know your love fathering me

Father you're all I need  
My souls sufficiency  
My strength when I am weak  
The love that carries me  
Your arms enfold me 'til I am only  
A child of God

With every step on the is journey's walk  
And wisdom's songs that the soul has sought  
I give myself unreservedly  
To know your love fathering me

Father you're all I need  
My souls sufficiency  
My strength when I am weak  
The love that carries me

Father you're all I need  
My souls sufficiency  
My strength when I am weak  
The love that carries me  
Your arms enfold me 'til I am only  
A child of God

Your arms enfold me 'til I am only  
A child of God

Your arms enfold me 'til I am only  
A child of God
