

# Got Me Down

Kendra Morris

Darling, oh, my darling  
Why you taking me? Why you taking me under?  
Darling, oh, my darling  
Why you taking me? Why you taking me under?  
How do you find your home from here?

So I went to a church  
To find the one that I loved  
But no one was waiting for me  
Just a man with a broom and two doves  
I drove out to the city  
To see if I'm even just pretty  
But no one was there even to stare  
Guess I'm stuck being fair for awhile

It's, it's about time  
Time to drown

Nothing is what I need  
Nowhere is what I see  
Everything's wrong when it's right  
Man, got a light hand, I don't understand  
Why do these days take so long?  
One man is holding me back  
Two women want me to crack  
People taking me outside my head  
When I wanna be somewhere else  
That ain't got a line so long  
Can you tell me  
Tell me where I'm found?

Helplessly  
I'm devoteless (helplessly I hide)  
Remoteless (and I'm gone)  
Disappointless (gone, gone, gone until tonight)  
Truth always be showing me just how it is to lie, yeah

Nothing is what I need  
Nowhere is what I see  
Everything's wrong when it's right  
Man, got a light hand, I don't understand  
Why do these days take so long?  
One man is holding me back  
Two women want me to crack  
People taking me outside my head  
When I wanna be somewhere else  
That ain't got a line so long  
Can you tell me  
Tell me where I'm found?

Darling, oh my darling  
Why you taking me?  
Why you taking me under?  
Darling, oh my darling  
Why you taking me?  
Why you taking me under?  
How do you find your home from here?
