

# Today

**Kendra Morris**

One step and you take it back to me baby  
One step and you take it back to me baby rock me in your arms,  
rock me ready steady, steady

Do you know what you've done, do you know what I've become, do  
you know I wanna be the one

One move and it's just a move when you choose to tell me what y  
ou like alright  
I'll take you down to the seesaw after dark anything you like,  
anything you like

Today I, today I, today I wanna be your girl  
Today I, today I, today I wanna be your girl

I'm sick when I don't got you phoning me I just wanna be where  
you are  
What you do when you're lonely you're tired and you're spent yo  
u're gonna need someone, I wanna be that one

Do you know what you've done, don't you see what I've become, d  
on't you see I wanna be the one

Insanity is what pulls at me crushes me, I just gotta get next  
to you  
Wear you like a sweater when it's nasty weather unravel if it g  
ets too hot

Today I, today I, today I wanna be your girl  
Today I, today I, today I wanna be your girl

It could be so nice to have a funny valentine  
Hanging out late with you this second feels so right  
If you wanna take things slow, lets stroll around the block  
Imagine you my man don't wanna think about the  
Clock tick tock my pulse it beats for someone that treats me li  
ke the gold under a rainbow  
Clouds disappear whenever you are near, could it be I'm falling  
in love with a souvenir

Today I, today I, today I wanna be your girl  
Today I, today I, today I wanna be your girl
