When I Close My Eyes

Kenny Chesney

There's so many things I didn't say And even though It may be too late I want you to know I still love you so Every car I meet Looks like your car Every movie I see You play the leading part You're on my mind Can't leave you behind

When I close my eyes You're all I see In the dark of night You're in my dreams Throughout the day You're easy to find You're always there When I close my eyes

In my mind I know You're far away But here in my heart Nothing has changed I'm still holdin' you Like I used to On a busy street In a crowded room Wherever I go It's just me and you Together again Girl it never ends

When I close my eyes You're all I see In the dark of night You're in my dreams Throughout the day You're easy to find You're always there When I close my eyes

You're always there When I close my eyes
