

Back 2 Cool

Kenny Lattimore

It's getting hard, hard for me
To realize will never be memories
Stuck in my mind so
And I don't wanna let it go
Let go the thought that you and I
Could possibly reunite
But how can we resolve it all
When we can't even talk
They said you shouldn't live like in the past
But nothing can compare to what we had
And now the love is gone I want it back
But if we start over don't mean it will last

[Chorus:]

Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you
Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you

It seems just like yesterday
I held your hand I was your man
Please understand this is hard for me
Never thought this could be a possibility
But I can't cry, so I cry inside
And all my pain I try to hide
And though I try I know it shows
And it tears up my soul
I think that we deserve a second chance
Looking back at us, you're pulling me down
Like quick sad
And now I'm stuck and living with the fact
That if we start over don't mean it we last

[Chorus:]

Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you
Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you

Can't go left, can't go right
Ain't nothing right, I know they lie
And yes I'm mine attempt the death
But if we start over don't mean it we last
You used to be a brutal time
But now we on the first in fight
Seems that life come up too fast
No

[Chorus:]

Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you
Our first kiss was when it first started
Magical but now we're just heartless
I wish we could go back to when we were cool
But now there's no more me and you
