

Beautiful Nowheres

Kenny Lattimore

I feel the pressure breaking down
Nowhere to go, nowhere to be found
When all the pressure's breaking me down
I feel you calling me even more
And when my heart can't take no more
And there's a storm going on in my head
My friends can't help me
Psychosis can't help me
I've been on this road for too long, making decisions
Now I got to leave it behind
Leave all the thoughts and clear my mind
And when the thoughts are blocking my flow
That's when I got to go

When the street lights come on
That's when I hit the road
I won't look back
And I won't be alone
Jump in my ride
So I can disappear
I'm gone to a place
I call my beautiful nowheres
Beautiful nowheres
Beautiful nowheres

With all the trouble raging down
I can see it coming down
The rain is pouring
I need an umbrella to save me
But I refuse to let it break me down
Now I gotta go pray, this I know
If I can just stay under your shadow
Cause when I just can't take no more
Tell you I gotta go

When the street lights come on
That's when I hit the road
I won't look back
And I won't be alone
Jump in my ride
So I can disappear
I'm gone to a place
I call my beautiful nowheres
Beautiful nowheres
Beautiful nowheres

I'm in my beautiful nowheres
I'm in my beautiful nowheres

When the world takes its toll
I find rest in your wings
Close to you I find peace
It's beautiful
