

Let There Be Love

Kenny Loggins

Love can be a game for two
But a real love
Take ya more than a little bit of time

Ya gotta keep on makin' it
Though your arms are achin'
Your knees are shakin'
Your heart keeps breakin' down
That's what life is about

Oh wo
Let there be music
Let there be candlelight
Let there be love
Let there be young hearts
Sendin' up hungry sparks
Let there be love

Life
Like a smile in the Big Boy's eye
He lit a little light
'N brought it all in, in under seven days

He said "I'm makin' em, a man and woman
I'll let run but before my work is through
There's still one thing that I got to do"

Let there be music
Let there be candlelight
Let there be love
Let there be young hearts
Sendin' up hungry sparks
Let there be love

You wonder how it happens
You question if there'll ever come a day
We'll get your head out of your way

Deep in the heart a' me
The music, it plays the beat
Its like a part a' me is turnin', turnin', turnin'
Don'cha try to defeat it
'Cause I know ya just can't beat it
Somethin' inside a' me is burnin', burnin', burnin', burnin', burni
n', burnin', burnin'
